"Has been more destructive to human health and life than war, postlience and famine combined." So said a distinguished writer many years say, and it is as true to-day as then. The poor yictim of Blood Disease is drugged with Moreury to cure the malady, and then dosed with to-dides to cure him of the Mercurial Foisoning; but instead of any relief, the first breaks down his general health and makes him a cripple, and the other ruins his digestive organs. To those afficied in this way Swift's Specific is the greatest boon on earth, and is worth more than its weight in gold. Itantidotes this Mercurial Poison, ones up the system and brings the sufferer back to health and happiness. Every person who has ever been salirated should by all means take a thorough course of this remedy.

Five years ago I found on my plantation a colored man who was badly diseased. He stated that five years before he had contracted a violent case of Blood Poison, and had been treated by many physicians, all failing to cure him. I treated him with Swift s Specific, and in ashort time he was sound and well, and has not had a symptom of the disease since.

D. M. HUGHES. One gentleman who had been confined to his bed six weeks with Mercurial Rhenma-tism has been cured entirely, and speaks in the highest praise of S. S. S. CHILES & BERRY, Chattaneogs, Tenn.
